ACKNOWLEDGMENTS

Once again, the efforts of many persons went into the production of the 1992-93 *Administrative Compensation Survey*. This annual survey report, with its continuous refinements, has become an increasingly useful tool for the higher education community, fulfilling the promise of the Board of Directors to provide administrative salary data consistent with the needs of CUPA members.

The contributed time and expertise were gratefully accepted and are appreciated from those members of the Ad Comp Survey Advisory Committee who assisted in the successful production of this survey. Those persons who should be recognized are: Kirk D. Beyer, University of Nebraska-Lincoln, Chair; Kathleen Donofrio, Loyola University in Maryland; Gary Maki, University of Michigan-Ann Arbor; and Kathleen Mandel, California State University-System.

Finally, gratitude is given to the CUPA National Office research department under the direction of Mason E. Riley and Susan E. Cipollini, as well as the production staff at The Brookings Institution's Social Science Computation Center, particularly Robin Donaldson.

INTRODUCTION

CUPA's annual *Administrative Compensation Survey* is designed to provide the most comprehensive and up-to-date salary data available for college and university administrators. With human resource costs ranging from 65 to 85 percent of operating expenditures in our colleges and universities, it is essential for this investment to be managed in the most effective manner possible. To meet that objective, the 1992-93 *Administrative Compensation Survey* provides a broad range of salary data to enable decision makers to evaluate their current pay levels and plan their compensation budgets appropriately.

The 1992-93 *Administrative Compensation Survey* marks the sixteenth year that CUPA has conducted this survey on an annual basis. Selection of surveyed positions is based on an analysis of the administrative positions common to most higher education institutions. The positions are reviewed annually by the Administrative Compensation Survey Advisory Committee and other higher education associations. This year's survey reports data on 167 of these positions.

With each survey we learn more about the salary information requirements of higher education and consequently, appropriate modifications are made to improve the methods of collecting data and presenting the results. We believe that annual refinements in the survey better serve the needs of CUPA members in particular, and higher education in general. To that end, we invite your suggestions for improved collection and reporting of salary data.

SURVEY CHANGES FOR 1992-93

- Modified description of Position 305.00, General Counsel—The senior administrative official responsible for managing the legal affairs of the institution. Functions typically include legal advisor to the corporate board and President/Chancellor, management of matters in litigation, and supervision of both inside and outside counsel. Often serves as liaison to regulatory and legislative bodies, courts, and Attorneys General.
- Modified description of Position 305.10, Staff Attorney(s)—The administrative official(s) responsible for providing day-to-day advice and guidance to all elements of the institution, under supervision of the General Counsel.
- Changed title of Position 520.00, Director, Athletics/Men to Director, Men's Athletic Programs.
- Changed title of Position 521.00, Director, Athletics/Women to Director, Women's Athletic Programs.
- Eliminated Position 311.00, Director, Computer Center Operations/Academic. This was a duplicate of Position 208.00, Director, Computer Center Operations/Academic and appeared twice in the 1991-92 survey.
- The terminology that is used when an institution reports its support type was modified. It was considered more appropriate to use the term "Affiliation" instead of "Source of Support," and more appropriate to use the wording "Private/Non-Religious Affiliated" instead of "Private-Independent Support" and "Private/Religious Affiliated" instead of "Private-Religious Support." There was evidence of confusion on what was meant by "source of support," therefore these changes were implemented with the intent of collecting data on the affiliated body from which the institution's financial support comes.

Cautionary Note: The General Tables include data from all reporting institutions and should be used only to obtain a broad overview of position salaries. For comparative analyses between positions or among institutions, consult the Comparative Tables. More specific data to meet the specialized requirements or preferences of an institution is available through customized reports. (See Special Study Information on page xiv and in Appendix B.)

PROFILE OF PARTICIPATING INSTITUTIONS

Survey questionnaires were sent to approximately 3,400 higher education institutions, of which 1,432 responded by the deadline date of October 1, 1992. This gave a 42 percent response rate which is in line with the response for previous years. The alphabetical list of respondents that appears in Appendix A indicates each institution's classification, affiliation/support, system structure, and state in which they are located. The charts on this page identify survey respondents by institutional class and affiliation/support.

SURVEY METHODOLOGY

The survey questionnaire was mailed in August, 1992 to all higher education institutions in the U.S. This questionnaire, along with a letter of invitation, was mailed with a requested return date of October 1, 1992. Instructions for reporting the data and summary descriptions of the 167 positions for which data were sought accompanied the questionnaire. Appendix E contains the survey form and instructions along with the summary position descriptions.

To ensure the confidentiality of the data, the staff of The Brookings Institution in Washington, D.C. processed the report from receiving the surveys, to data entry, and finally compilation of the tables and graphs using SPSS-X, a statistical software package. This information was then given to CUPA where the survey was produced in the format that you see here.

DEFINITIONS AND GENERAL CHARACTERISTICS

Data Specifications

Respondents were asked to observe the following specifications in reporting their data:

- Salaries are those in effect as of September 15, 1992.
- Salaries are at an annualized, full-time rate; they reflect only actual cash earnings, excluding any services contributed without charge.
- Enrollment and budget figures are for the operating year 1992-93.
- Enrollment is stated in terms of equivalent full-time students.
- Budget figures reported are the total institutional budget including research funds but excluding capital funds. This figure does not include amounts for student aid.

Percentile Range

Salary data shown on the basic tables in this report indicate the median and the percentile range for each position.

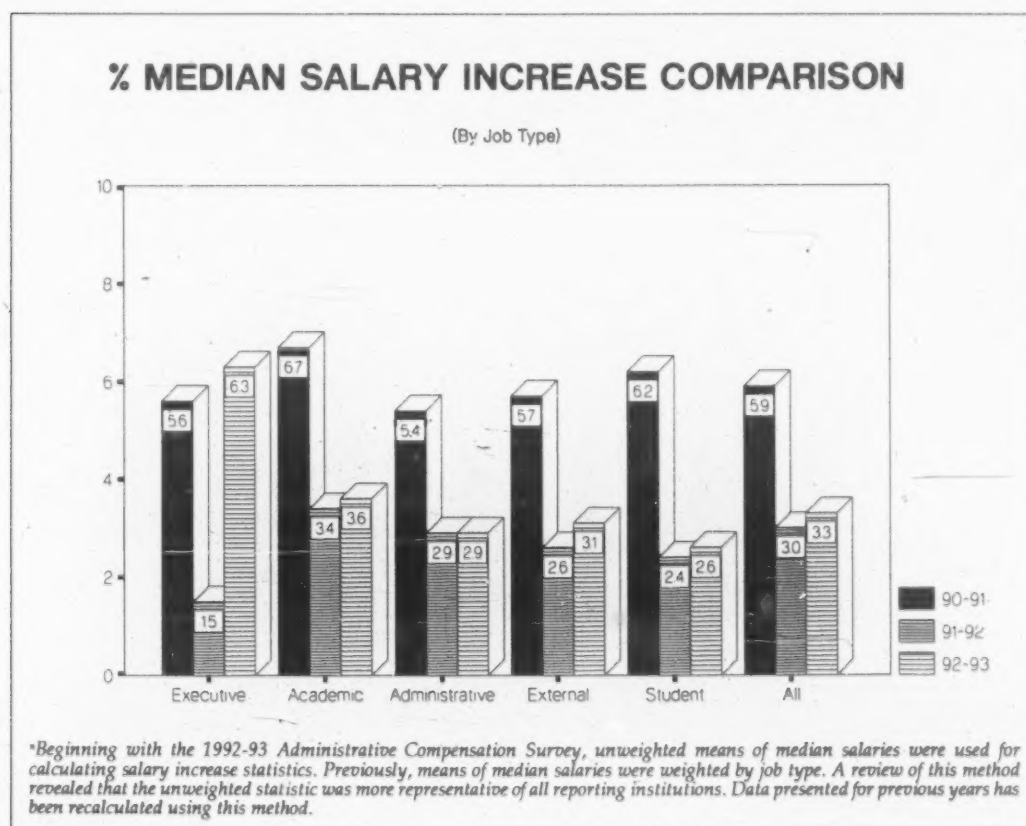

- The MEDIAN is the middle value in an array of all salaries for the position; half of the salaries are lower than the median and half are higher. The median is considered a more reliable measure than the mean/average because it is not skewed by extremely high and low salaries as is the mean.
- The 20th percentile indicates the salary level that 20 percent of all reported salaries either equal or fall below.
- The 40th percentile indicates the salary level that 40 percent of all reported salaries either equal or fall below.
- The 60th percentile indicates the salary level that 60 percent of all reported salaries either equal or fall below.
- The 80th percentile indicates the salary level that 80 percent of all reported salaries either equal or fall below.

1992-93 SALARY INCREASES

Positions surveyed in 1992-93 showed an overall increase of 3.3%* compared to 1991-92. Percentage increases in median salaries by job type, institutional classification, and affiliation/support are shown on the following charts. In addition to the current year, figures are provided for the previous two years for comparative purposes.

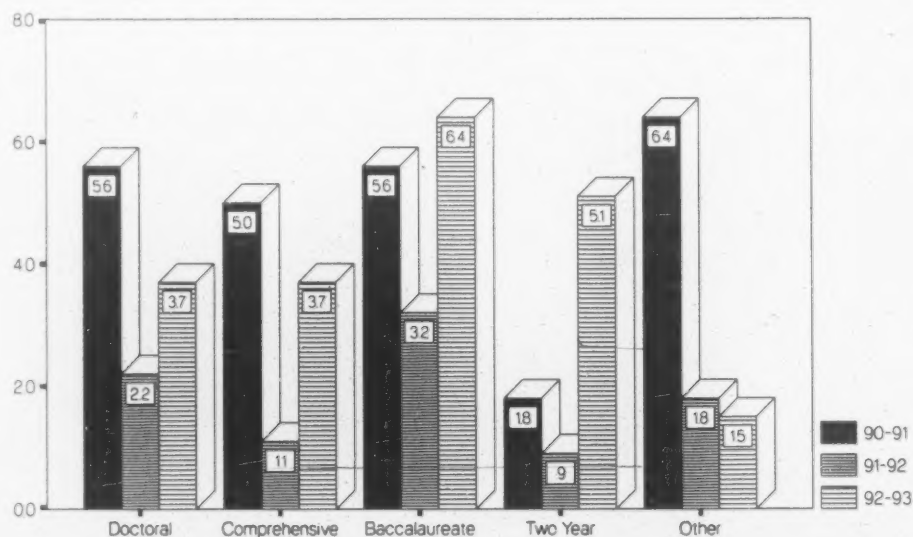

As is apparent in the chart below, the 1992-93 salary increases were equal to or slightly higher than last year across all job types. The largest increase of 6.3 percent occurred in executive positions. Other increases were 3.6 percent for academic positions, 2.9 percent for administrative positions, 3.1 percent for external affairs positions, and 2.6 percent for student services positions.

An examination of median salaries by institutional classification revealed that general baccalaureate institutions posted the highest increase at 6.4 percent. In relation to last year, two-year institutions had the largest net gain at 4.2 percent (5.1 percent compared to .9 percent last year). Salary increases reported by doctoral and comprehensive institutions were both 3.7 percent. Systems offices and specialized institutions which fall into the classification of "other" showed the smallest gain of 1.5 percent.

% MEDIAN SALARY INCREASE COMPARISON

(By Institutional Class)

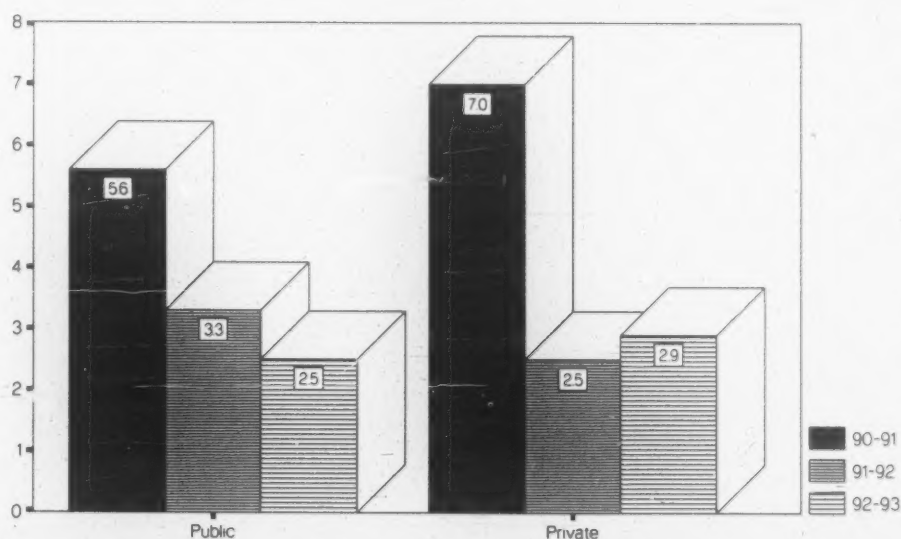

*Beginning with the 1992-93 Administrative Compensation Survey, unweighted means of median salaries were used for calculating salary increase statistics. Previously, means of median salaries were weighted by job type. A review of this method revealed that the unweighted statistic was more representative of all reporting institutions. Data presented for previous years has been recalculated using this method.

Analysis of 1992-93 salaries by affiliation/support indicated that administrators in private institutions realized salary increases that were .4 percent greater than their counterparts in the public sector. The overall increase for public institutions in 1992-93 was 2.5 percent, which was lower than the 1991-92 increase, while private institutions saw a larger increase this year at 2.9 percent.

SPECIAL STUDY INFORMATION

The survey tables summarize the compensation data that have been found to be of greatest interest and value to the majority of participants. However, the data base from which these tables were developed can provide a great deal of additional information. CUPA uses this data to formulate salary survey information to meet the specialized requirements or preferences of a particular institution.

Customized reports can be provided on:

- Any group of named institutions selected from the list of respondents (provided that at least eight institutions are included to maintain confidentiality of information). Data are not identified by institution.
- Demographic characteristics alone or in combinations, including: budget, enrollment, faculty size, staff size, institutional type, affiliation/support, and system structure.
- Institutions within a given geographic region or state.

In effect, any of the institutional characteristics reported in the survey questionnaire may be used to sort the desired information—individually or in any combination. All results are accompanied by a list of the respondents that were selected to provide the sample data. These reports can be ordered throughout the year by using the form on page 99.

Other uses of data requiring manipulation and display techniques are possible. Such specialized needs should be discussed with CUPA national office staff at (202) 429-0311, Ext.10.

1992-93 SALARY COMPARISON WORKSHEET

As part of the 1992-93 survey report a sample Salary Comparison Worksheet has been included (see Appendix D). This worksheet may be used to compare institutional salaries with survey salaries through calculation of a salary comparison percentage ratio for individual positions, families of positions, and all positions in the organization. Calculated salary comparisons of specific colleges and universities may be requested as a Special Study through the CUPA national office. Questions regarding the worksheet may also be directed to the CUPA office.

SALARY COMPARISON WORKSHEET

This worksheet is designed to facilitate comparison of institutional and survey salaries for positions in the survey groups. Positions to be compared should be listed in the appropriate position categories along with the corresponding 1992-93 salaries paid by your institution. CUPA salaries should be listed from the comparison table which most nearly matches the size and type of your institution. (GENERAL TABLES SHOULD NOT BE USED.) The Comparison Percentage is then calculated by dividing Institutional Salary by the CUPA Survey Salary. Institutions desiring comparison with a specific group of colleges or universities may request this comparison as a Special Study by contacting CUPA at 1233 20th St., N.W., Washington, D.C. 20036 (202) 429-0311, Ext. 10.

2. To make your task easier, read all instructions first, then detach questionnaire and fill it out using the instructions as a guide.
3. Please read position descriptions before completing the questionnaire. Do not rely on titles only.
4. An identification label is attached to the top of page one of the questionnaire **ONLY** if your institution participated in either the 1989-90, 1990-91 or 1991-92 surveys.
5. PRINT or TYPE all information.
6. Do not use abbreviations.
7. If the position is vacant, please enter "V" and the minimum salary (if known) at which you are currently advertising/recruiting.
8. **Return only the questionnaire form.** Do not attach extra pages. Please be sure to keep a copy of the completed questionnaire for your files.

II. INSTRUCTIONS ON INSTITUTIONAL IDENTIFICATION QUESTIONS (Please make sure that you correctly answer all institutional identification questions. This section is vital for accurate input.)

Note: If your institution participated in the 1989-90, 1990-91 or 1991-92 survey, there will be an identification label attached to the top of page one of the questionnaire. Please fill in sections 1, 3, 4, and 5 only if changes are to be made to the label information.

1. **FICE Identification Code** (Federal Interagency Commission on Education) - Please fill in your institution's FICE Code. Please check to make sure that the Code you provide is correct. This identification code, unique to each institution, is an unstructured number used for statistical identification purposes. Refer to the *HEP Higher Education Directory* if you are not sure of the correct FICE Code. If you do not have access to this directory or do not know the correct FICE Code, please leave blank.
2. **Name of Respondent** - Please provide the name, title, and telephone number of the person completing the questionnaire.
3. **Address** - Fill in your institution's full name and address including city, state and zip code.
4. **Affiliation/Source of Support** - Indicate whether your institution is public, private/religious, or private/non-religious affiliated.
5. **Reporting For** - Indicate whether the data you report is for personnel primarily associated with a single institution, an administrative office of a system (all campuses), a main campus heading a system, or a campus within a system. (Important note: If you check "administrative office of a system," please provide systemwide figures for the four parts to Question 6. If you check "single institution," "main campus heading a system" or "campus within a system," provide individual campus figures in Question 6.
6. **Size Measures** - Provide four answers, one for each space, indicating your institution's total full-time equivalent student enrollment, faculty, administrative staff (i.e., Executive, Administrative, Managerial, and Professional as defined by EEO categories 1 and 3), and total operating budget. Total operating budget includes the total institutional budget including research funds but excluding capital funds.

III. SURVEY POSITION INSTRUCTIONS

GENERAL. The positions chosen for the Survey are typical for college and university operations. If you are unsure about the identification of any position, please refer to the "Summary of Position Descriptions" that follow. If the position is currently vacant, enter "V" and the minimum salary (if known) at which you are currently advertising/recruiting. If you do not have a comparable position, leave blank. If a person holds more than one position title, do not report his/her salary twice, but report the salary under the position that best fits the description.

Report salaries effective as of **September 15, 1992**. Report only current information despite the possibility of future or pending salary changes. Include only salaries of employees on the institution's payroll. Do not indicate data for a position that is less than 50% time. Report all salaries based on 100% effort (Annualized Salary). For institutions which have several incumbents holding the same titled position, please **average** those salaries and do not report data on internal/external promotion, sex and minority status. Do not put salary figures in for each incumbent holding the position.

Do not add any positions on the questionnaire nor attach extra pages. If you have any comments or suggestions on the positions or would like certain positions added, please complete the suggestion form enclosed with this questionnaire and return the form only to the CUPA Administrative Compensation Survey Committee in care of the CUPA National Office, 1233 Twentieth Street, NW, Suite 503, Washington, DC 20036.

ANNUALIZED SALARY. Indicate the full-time annualized salary for each position. Report all salaries full-time (100%) effort. For example: your registrar works part-time, 50% for 12 months a year for a salary of \$10,000. For the purposes of the Survey enter \$20,000 as the annualized salary.

REPORTING RELATIONSHIP. Please show by each code number from the Survey (each position has a separate code number) the senior position to which each position reports. For example, the Director of Affirmative Action/Equal Employment is position number 307.00. If that person reports to the Chief Personnel/Human Resources Officer, position number 306.00, you would write 306.00 in the reporting relationship column next to Director of Affirmative Action/Equal Employment. Please leave the reporting relationship column blank if the person in a position does not report to a higher position (e.g., Chief Executive Officer of a System does not report to a higher position).

YEARS OF SERVICE IN PRESENT POSITION. Indicate the number of years that the incumbent has served in this position. Round to the next highest year, using six months as your guide. For example, 1-6 months = 0 years; 7 to 12 months = 1 year; and 5 years, 2 months = 5 years.

HIRE. The Survey asks whether the person presently occupying each position was promoted or transferred from inside or hired from outside your institution. Circle the "I" if the individual moved to the job from another job within your institution, or circle "O" if recruited from the outside.

SEX. Indicate by circling "M" (male) or "F" (female) the sex of the person currently serving in each position.

MINORITY. Indicate by circling "Y" (Yes) or "N" (No) whether the person serving in each position is a minority member. A minority for Survey purposes is defined as Black/Afro-American/Negro; Native American/American Indian; Asian American/Oriental; Hispanic American.

PLEASE RETURN THE COMPLETED QUESTIONNAIRE
BY OCTOBER 1, 1992.
FOR YOUR CONVENIENCE, A SELF-ADDRESSED ENVELOPE IS ENCLOSED
TO BE RETURNED TO:

CUPA SURVEYS
BI-SSCC
1775 MASSACHUSETTS AVENUE, NW
WASHINGTON, DC 20036

NOTE: YOUR TIMELY RESPONSE IS GREATLY APPRECIATED.
THE OCTOBER 1 RETURN DATE WILL NOT BE EXTENDED.

**1992-93 ADMINISTRATIVE COMPENSATION SURVEY
SUMMARY POSITION DESCRIPTIONS**

Please review these summary position descriptions before entering compensation figures to ensure reasonable comparability of survey data. When the differences between the summary description and the duties actually performed in the responding institution are substantial, or simply do not apply, no data should be reported. Please note: For purposes of this survey, "Associate" is used to denote second in command. "Assistant" is used to denote positions with program responsibility. Combined responsibility positions such as Director of Personnel and Affirmative Action or Director of Admissions and Financial Aid are listed here the same as individual positions. If you have comments or suggestions on the positions, please complete the suggestion form enclosed with this questionnaire and return it to the Administrative Compensation Survey Committee in care of the CUPA National Office.

CUPA's Compensation Resources for Higher Education

A Three-Pronged Strategy for Managing Compensation

Supervisor's Guide to Effective Performance Appraisal

By Forest C. Benedict and Cynthia Smith

The *Supervisor's Guide to Effective Performance Appraisal* steers administrators through the performance review process. The book explains that by basing the appraisal on job-related tasks or specific performance standards, personal biases and subjectivity can be eliminated from the review, and salary increases can be supported by objective criteria. Effective appraisals focus on the future growth and development of employees, ensuring that an institution's human resources continue to increase in value. 37 pgs. ISBN 1-878240-07-2. (\$10 CUPA members/\$15 non-members)

User's Guide to Salary Survey Applications

By Forest C. Benedict, Kirk D. Beyer, Kathleen E. Donofrio, and John M. Toller

Because relatively few human resource practitioners in higher education are compensation specialists, CUPA offers the *User's Guide to Salary Survey Applications*. This publication enables practitioners to maximize the usefulness of CUPA's administrative, faculty, and chief executive databases—as a figurative compass to navigate through a sea of numbers. Determining the right salary levels for valued employees is not an academic endeavor—salaries can account for up to 85 percent of an institution's budget. 32 pgs. ISBN 1-878240-01-3. (\$10 CUPA members/\$15 non-members)

Glossary of Compensation Terms

Edited by: Forest C. Benedict, Kirk D. Beyer, Kathleen E. Donofrio, and John M. Toller

Do you need to know what the term "call-back pay" means? How about "direct compensation"? How could you conduct "whole-job evaluation methods" if the phrase registers zero comprehension? Human resource administration has its own terminology, not unlike other professions. CUPA's *Glossary of Compensation Terms* is a valuable companion for entry-level practitioners as well as seasoned executives. Arranged alphabetically, the *Glossary* satisfies the user's curiosity quickly and authoritatively. 13 pgs. ISBN 1-878240-11-0. (\$10 CUPA members/\$15 non-members)

Supplementary Reports Provide Specific Data for Your Needs

Supplementary Reports draw on the database used for the *Administrative Compensation Survey*—the authoritative source on the salaries of administrators in higher education. These reports, derived from information supplied by over 1,400 public and private colleges and universities, examine administrative salaries from a distinctive perspective:

Distribution of Salaries Table

A horizontal graph arranges the salary categories for 167 positions, showing the frequency of each reported salary among the responding institutions. An excellent budgeting and planning instrument. \$25 CUPA members/\$50 non-members.

Medical Schools Comparison Table

Reports the median salaries of institutions with medical schools that participated in the 1992-93 *Administrative Compensation Survey*. Each position's median salary and quartile-level salary are listed. \$100 CUPA members/\$150 non-members

Regional Tables

Users can quickly check on median and quartile-level salaries at all institutions in any of CUPA's five geographic regions: Eastern, Midwestern, Southern, SouthWestern, and Northwestern. \$100 CUPA members/\$150 non-members (per region).
